SUMMARY

PMP-certified operations leader with 10+ years delivering financial oversight, HR, facilities, and technology operations for nonprofits and public-sector organizations. Proven at driving operational excellence, implementing internal controls, managing audits and budgeting, and leading cross-functional teams and vendor relationships. Active climbing leader and outdoor educator with extensive experience in group leadership, risk management, Leave No Trace ethics, and outdoor stewardship—bringing field-based leadership and ethics to organizational strategy. Bilingual (English/Spanish).

LEADERSHIP & STRATEGY

- **Financial Oversight:** budgeting, annual audits, 990 preparation support, accounts payable/receivable, reconciliations, payroll liaison, monthly/quarterly reporting to senior leadership and boards.
- **Operations & Facilities:** facility maintenance and vendor management, utilities, contracts, insurance liaison, safety/security protocols, capital projects and vendor contracting.
- **Internal Controls & Compliance:** design and evolution of internal control framework, tax/payroll filings, state charitable registrations, contract review and risk assessments.
- **Human Resources:** HR policy development, benefits liaison, compliance with employment law, payroll processing oversight, background check protocols.
- **Development & Grants Support:** build budgets for grants, monthly financials for development, oversight of charitable registration vendor filings.
- **Technology & Systems:** Google Workspace admin, procurement, vendor management, website/database/vendor ticket triage, new-hire provisioning and access control.
- **Outdoor Leadership & Ethics:** climbing expedition leadership, group risk assessment, Leave No Trace instruction and behavior-change education, outdoor safety and emergency response.
- **Stakeholder Engagement:** board reporting, executive collaboration, cross-functional team leadership, inclusive culture building.

Passionate advocate for Leave No Trace ethics — I believe protecting wild places through low-impact practices preserves biodiversity and ensures future generations can connect with and learn from the outdoors. I've seen firsthand how careless climbing erodes the solitude and opportunities that wild places provide.

2021 - CURRENT

EMPLOYEES SUPERVISED: 8

REASON FOR SEPARATION: N/A

SENIOR STRATEGIC ENGAGEMENT MANAGER

Roaring Fork Valley Transportation District, CO

- Led organizational process re-engineering across Finance, HR, and Operations, integrating critical operational processes into a unified enterprise system for a public sector entity. This included oversight of logistics and resource allocation within a transportation network.
- Managed complex scopes, budgets, and vendor contracts, overseeing invoicing and ensuring compliance with regulatory requirements (including zoning and permits), directly contributing to risk mitigation.
- Developed structured training and documentation for staff on new operational systems, providing supplemental support for internal technology needs and staff professional development.
- Championed operational adoption by aligning executive leadership and internal staff, fostering collaborative inclusion and enhancing internal communications.

2017 - 2021

EMPLOYEES SUPERVISED: 30

REASON FOR SEPARATION: MOVE

STRATEGIC INITIATIVE PROGRAM MANAGER

Colorado State HCPF DBA The Resource Exchange, Colorado Springs, CO

- Directed complex operational process modernization initiatives across multiple departments for 30,000+ users, ensuring enterprise-wide compliance and audit readiness in a highly regulated healthcare environment.
- Managed significant budgets and vendor relationships for strategic initiatives, including oversight of invoicing, grant tracking, and contract terms, directly contributing to financial oversight and risk management.
- Ensured compliance via strategic multi-system integrations through coordinated efforts with external vendors and user departments, meeting regulatory and board requirements, including security and safety protocols.
- Supported the organization's strategic plan by developing and managing systems to monitor progress, define gap areas, and assess teamwork plans.

2010 - 2017

EMPLOYEES SUPERVISED: 8

REASON FOR SEPARATION: MOVE

DIGITAL TRANSFORMATION PROJECT LEAD

MSU Denver, Denver, CO

- Led organizational process modernization (Payroll, HR, Finance) as part of a broader business transformation strategy, managing the full project lifecycle for multi-department operations.
- Developed and refined HR policies and procedures, including creating a centralized documentation repository for staff hiring, training, onboarding, offboarding, and performance management.
- Managed various vendor relationships and contracts, ensuring effective service delivery and compliance.
- Oversaw asset management for core business operations, including facilities-related technology, supporting maintenance and infrastructure planning

PROJECT COORDINATOR

University of Maryland, Baltimore, MD

- Supported administrative and operational functions (HR, Finance, Payroll) within an educational context, directly supporting critical university-wide student and staff services and operational stability, including front office operations.
- Managed vendor deliverables and client approvals for various services and systems, ensuring on-schedule deployment and compliance.

2008-2010

EMPLOYEES SUPERVISED: 12
